### **Portage la Prairie Landfill Authority 2015 Year End Review**

The Portage la Prairie Landfill Authority has completed its eleventh year of operation as a Class 1 Facility operated by the Board. The investment in roads and drainage at the Landfill kept the site in very good condition despite some very challenging weather conditions in 2015. Our customers often compliment the staff on the condition of the roads and how clean the site is kept. The following are the highlights of the 2015 year:

- **The Landfill accepted 21,200 tonnes of solid waste in 2015 which is up from 19,425 tonnes received in 2014.**
  - **The Landfill accepted 2,735 tonnes of Clean Cover Material which is 2,714 tonnes more than what was received in 2014.**
- **The Landfill accepted 1,127 loads of Septic Waste which is up 97 loads from 2014.**
- **The Landfill diverted 183 tonnes of recyclable materials including metals, tires, chemical jugs, bale wrap, twine, and grain bags which is 71 tonnes more than 2014.**
- **The Board and Landfill staff implemented and aggressively pursued a program that required that all loads must be tarped and strapped or the offender would be charged a \$25.00 fee. The program resulted in nine offenders being charged and the roadside clean up being reduced from 33 tonnes in 2014 to 7 tonnes in 2015.**
- **The Board did not record any user operational concerns or complaints at the Landfill.**
- **The Board agreed to not increase tipping fees which remained at 2014 rates.**
- **The Board approved and budgeted funds for 2016 for cleaning and disposal of solid waste in the septic lagoon.**

The Landfill's operational success is attributed to the Landfill staff and management. This success would not be possible without the support of the Board and the Operational and Administrative Staff of both the City and Rural Municipality of Portage la Prairie.

The management and staff look forward to serving the municipal waste needs of the City and Rural Municipality of Portage la Prairie. This service will emphasize the education and communication programs ensuring waste is being disposed in the most efficient and environmentally sustainable manner possible. We thank our customers for their cooperation and support in building a program that we can all be proud of.

Robert Pohl  
Landfill Manager

Garth Asham, Chairman  
Portage la Prairie Regional Landfill Authority
