

Getting to Know Your New Meter

The City of Portage la Prairie will read your meter for billing purposes. However, if you want to monitor your own water consumption, here's how:

- Shine a flashlight over the solar panel for 3-6 seconds (located on the register) to activate the LCD display.
- The LCD display toggles between flow rate and total consumption every 6 seconds when illuminated.
- The 9-digit LCD display shows your meters volume and rate in cubic meters per minute .
- The last 4 digits of the reading are decimal points. (e.g. - 26.3987 cubic meters)

OFF	Indicates there are no leaks.
Flashing	Indicates water usage for more than 50 percent of the time during a 24-hour period.
Continuous ON	Indicates water usage at least once every 15 minutes during a 24-hour period. In this case, there is most likely a leak at your property/business.

ON	Water in use
OFF	Water not in use
Flashing	Water is running slowly
(-)	Indicates reverse flow
(+)	Indicates forward flow
