

Portage la Prairie Landfill

The Portage la Prairie Landfill Site at SW 22-13-5 on PR road #227 was established by the Municipality of Portage la Prairie in 1988. In 1991 the City of Portage la Prairie joined operation at this site. This is a Class 1 waste disposal facility currently operated by a joint Board of Directors appointed by the City of Portage la Prairie and the Municipality of Portage la Prairie.

The Landfill Site services the City and Rural Municipality of Portage la Prairie, the Municipality of Norfolk Treherne, the Municipality of Woodlands and two First Nations communities. The mandate of the Board is to operate the facility in a self-sustaining manner and in management acknowledges their responsibility in the protection and enhancement of the environment. This site provides for the disposal of household, commercial and industrial waste for the communities it serves.
