### **Portage la Prairie Landfill Authority 2018 Year End Review**

The Portage la Prairie Landfill Authority has completed its Fourteenth year of operation as a Class 1 Facility operated by the Board. The investment in roads and drainage at the Landfill kept the site in very good condition despite some very challenging weather conditions in 2018. Our customers often compliment the staff on the condition of the roads and how clean the site is kept. The following are the highlights of the 2018 year:

- **The Landfill accepted 15,683 tonnes of solid waste in 2018 which is down from 67,450 tonnes received in 2017.**
  - **The Landfill accepted 126 tonnes of Clean Cover Material which is 50659 tonnes less than what was received in 2017.**
- **The Landfill accepted 1079 loads of Septic Waste which is up 24 loads from 2017.**
- **The Landfill diverted 94 tonnes of recyclable materials including metals, tires, chemical jugs, bale wrap, twine, and grain bags in 2018.**
- **The Landfill staff was diligent in enforcing the tarped and strapped loads program. The program has been successful in reducing the amount of debris on the roadways to the Landfill. The roadside cleanup program collected 5.5 tonnes in 2018.**
- **The Board did not record any user operational concerns or complaints at the Landfill.**
- **The Board agreed to increase tipping fees by \$8.00 per tonne on solid waste hauled from inside the R. M. of Portage la Prairie and \$10.00 per tonne on solid waste from outside the R.M. of Portage la Prairie. The board increased the Small Personal Vehicle Fees by \$1.00 per load. The board also agreed to charge \$3.00 per tonne for clean cover material for 2019.**

The Landfill's operational success is attributed to the Landfill staff and the management Landfill. This success would not be possible without the support of the Landfill Board and the Operational and Administrative Staff of both the City and Rural Municipality of Portage la Prairie.

The management and staff look forward to serving the municipal waste needs of the City and Rural Municipality of Portage la Prairie. This service will emphasize the education and communication programs ensuring waste is being disposed in the most efficient and environmentally sustainable manner possible. We thank our customers for their cooperation and support in building a program that we can all be proud of.

Robert Pohl  
Landfill Manager

Wayne Wall, Chairman
