### Changes for Education Taxes to Impact Taxpayers Total Taxes

---

The Province of Manitoba has announced changes to Education Taxes in its Budget 2021 which will come into effective this year. Full details on this change are available at <https://www.manitoba.ca/edupropertytax/>.

Property owners are expected to receive an Education Property Tax Rebate cheque directly from the Province of Manitoba prior to the July 31, 2021 due date for your taxes. We are expecting to receive tax statements in late May from the government and will be mailing these to property owners shortly after they are received.

Residential property owners should note that the MB education property tax credit has been reduced from a maximum of \$700 to \$525. As a result, your total taxes due could increase up to \$175 this year. This amount is included in the rebate cheque you will receive.
