

Luis Luna

I called Portage la Prairie home in 2006 and I joined the Portage School Board of Directors 8 years ago. During my two terms as a School Board Trustee, I have learned of the tremendous work and positive impact public education has on our children and our communities.

I have been a Portage la Prairie resident for over 16 years.

Working with our senior management team, we created annual budgets that addressed the needs of our students and created opportunities to improve educational outcomes, reviewing, writing and voting for policies that allowed the division to stay current and on top of challenges, successfully negotiated in good faith 2 contracts with the unions CUPE and MTS.

Our Mission is to recognize the individual needs and potential of our students and to provide these students with the opportunity to undertake schooling experiences that will contribute to the development of their full potential. Schooling experiences will give consideration to the future demands that will be placed upon society by our rapidly changing world.

We are proud of the successes we have accomplished throughout the past 8 years, which includes the increase in graduation rates within our First Nations Population and supporting our newcomers community, which are a core part of our vibrant community

We have had many challenges though-out the past eight years, such as Bill 64 and this terrible pandemic. It has been both challenging and motivating to plan for the future when there is much uncertainty.

The work that we trustees do for our communities is essential. Having local representation is a fundamental part of our democracy.

I appreciate your support and your trust in this upcoming election to continue the important work I have been entrusted with this past 8 years.
