

Paul Sainsbury

My name is Paul Sainsbury and I am running for a seat on City Council

I have lived in Portage La Prairie for 37 years. I came to town as a teenager when my father was posted to Southport. Coming here from Toronto I never expected I would stay. It was quite an adaptation from a big city, but I fell in love with Portage La Prairie and proudly call it home. I attended Yellowquill school and then Arthur Meighen High school.

My wife Amanda and I live in the North East end of Portage La Prairie. We have 3 adult daughters. I am currently a Senior Buyer for a company that prints lottery tickets. I was employed at McDonalds for many years when I was younger. I also worked at the hospital and Simplot Canada. My wife is a nurse in the Operating Room at the Portage District General Hospital.

I am currently on the Portage Golf Club Board. I can often be found there during the summer months. I also sat on the Big Four Hockey League board for many years. I enjoy playing hockey and volleyball. When my girls were younger you could find me reffing or cheering on the high school volleyball and Praire Fire teams.

I would like to see continued growth for Portage La Praire. We need to try and replace the jobs that we have lost due to the closing of Agassiz Youth Center and the MDC.

Please contact me if you have any concerns or questions.
